Summer	Science	2,3,4,5,6		TA and SATs /optional tests
Summer	ICT	3,4,5,6	Data Handling	Practical activity

All the above have formal record sheets to be passed on to the next teacher.

Assessment of problem solving, measures, shape, space and data is covered in the SATs/optional tests and recorded on the maths record.

RE and Foundation Subjects are assessed using class lists at the end of each term or topic. It is only necessary to comment against a child's name if their attainment is outside the expected learning outcomes. These records will be used to write the annual report and then discarded. A copy of the report serves as a record for these subjects.
